A Grand Gardeners' Gazette!

9-18-15

Listen Up! Here's what you need to know:

* Our September meeting is on TUESDAY, 9/22! (I know, I'm late in telling you). Church of Christ - Glens Bay Road - Surfside - 6:30 pm (but you knew that, right?).

* Here's the good part: Betty Moyer will demonstrate how to grow a tower garden. Aeroponics uses no growing medium. Water and nutrients are cycled and feed the roots. In addition to her tower, she will bring seedlings . You can grow any food that is not a tree fruit or tuber using this method.

* And there's more: Al Ward and Nancy Kobs have the refreshments!

* And then, we will plan the:

10-3-2015

Hopefully, you have already started beginning to separate emotionally from those treasures you have had in your attic and garage for years but just could not share until now. If, by chance, you cannot bring your items to the church on Friday, 10/2, you may bring them to the meeting next week, and Pat Hiter will store them at her house until the sale. Remember, no clothes, but paddles, pens, pizza pans, pots, plants, and putters, and similar items with different letters - someone needs them. On Friday, we need receivers, arrangers, sorters, and pricers. On Saturday, we need welcomers, re-arrangers, re-sorters, sales assistants, and general go-fers. There is definitely a place for you.
