

A Grand Gardeners' Gazette Flash 7/11/17

A note from our Co-Presidents:

The regularly scheduled July meeting for GSMGA has been cancelled. Church of Christ Grand Strand will be holding Vacation Bible School at that time, and all air-conditioned spaces at the church will be used for VBS. Please also remember that there is no regularly scheduled August meeting. Our next meeting will be held on Tuesday, September 26. Hopefully, by then the summer heat will be a thing of the past, and we gardeners can be back about our business.

Despite the recent hot weather, our projects continue. The numerous Plant Problem Clinics continue to be held weekly. Maintenance for our flower boxes on the both Murrells Inlet Marsh Walk and Jetty View continues. And Sherri Kistemaker reports that the plugs for the Pollinator Gardens at Huntington Beach State Park are progressing on her porch. Gardeners will be needed to help plant the plugs when they are ready. Sherri is projecting that may occur sometime the first part of August. Please continue to monitor your email so that you will know when help is needed.

Anne Steele and Nancy Launi are continuing their updates to the GSMGA website. They are also investigating the possibilities that our group might be able to take advantage of on Facebook. Any members who would like to offer suggestions or be involved in these activities should contact Anne or Nancy. Please do this prior to August 1 so that a report can be put together and presented to the group in September.

Happy Gardening,

Peggy and Jean
